

The Nash Room

Located on the 21st floor of Procore Tower, the Nash Room offers stunning view of southwest Austin including Lady Bird Lake and beautiful sunsets. On its own, Full Nash is a rectangular room that runs along the west side of the Club. When combined with Read Rooms I & II, it becomes a large “L” shaped event space. A wooden partition can be closed to separate the Read Rooms, allowing the North Nash room to be used as a smaller private space.
